

Answer the following questions using mental addition.

Here is an example of how to answer the questions.

$$36 + 25 =$$

$$30 + 20 = 50$$

$$6 + 5 = 11$$

$$50 + 11 = 61$$

1. $86 + 23 =$

2. $45p + 52p =$

3. $£85 + £45 =$

4. $23p + 12p + 8p =$

5. $64 + 25 + 12 =$

6. $75 + 45 + 10 =$

7. $£56 + £71 =$

8. $£23 + £20 + £14 =$

9. A child has a money box with £45 in and then he is given £25 for their birthday. How much money does he have in total?

10. A girl goes to shop and buys a doll for £30, make-up for £15 and a new dress for £35. How much money has she spent in total?
