

Mental and written multiplication

Mastery Checkpoint

Have you mastered mental and written multiplication?

- a) Choose a mental or written method to work out the answers to each of these multiplications:
 45×3 7×642 426×2 30×60 32×67
- b) A farmer has 243 chickens. If each chicken lays one egg a day, how many will they lay altogether in one week?

Champions' Challenge

1. Write three different multiplications with the answer 248.
2. Write three different multiplications with the answer 3600.

Year 5 Mastery Checkpoint 10 Week 10
