Autumn Number Puzzles

I collect some conkers on my walk home from school.

I multiply the number of conkers by 7.

I then subtract 22,

multiply by 25,

subtract 9,

and divide by 17.

I end with the number 173.

How many conkers did I collect?

Eva and Melody pick some blackberries to make some blackberry pies.

They weigh the berries and share them equally between them.

Eva eats 85g of her berries on the walk home.

She divides the berries between three pie dishes.

Each dish now contains 255g of berries.

How many kilograms of berries did Melody and Eva pick?

Eddie watches a firework display.

50% of the fireworks were Catherine wheels.
