

Folded Paper Rabbit Craft

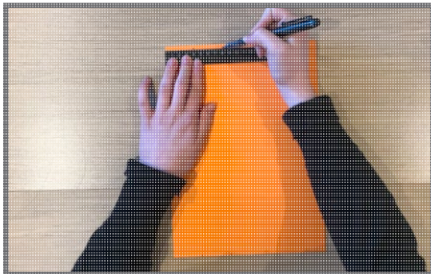

You will need:

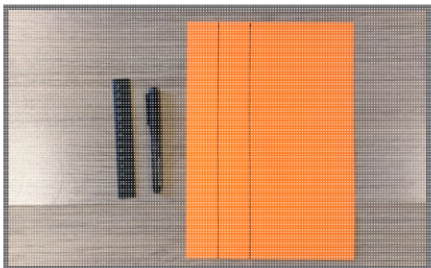

- A4 coloured card
- Scissors
- Glue
- Ruler
- Pen
- Pencil

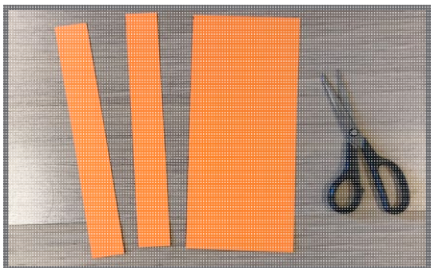

1) First, take your ruler and mark 4 centimetres and 8 centimetres along the bottom of the card.

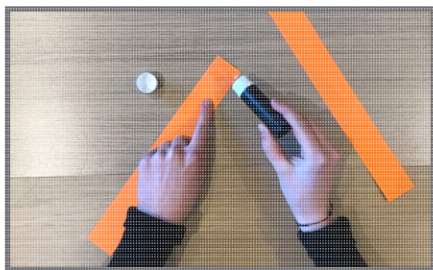

2) Repeat this along the top of the card.

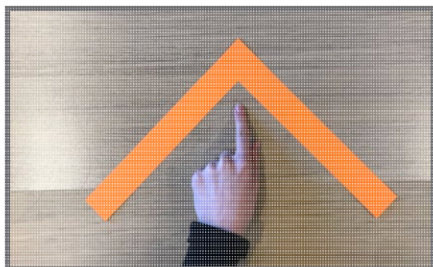

3) Next, join up the 4 centimetre dots and the 8 centimetre dots.

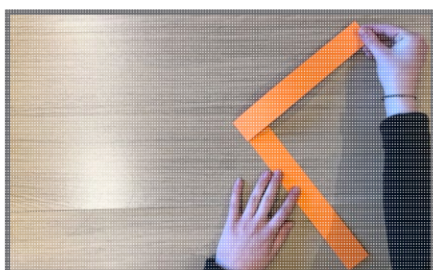

4) Then, carefully cut along these lines to produce two strips of card that are equal in width and length.

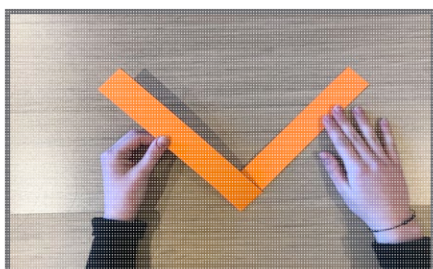

5) Add a dab of glue to the end of one of the strips.

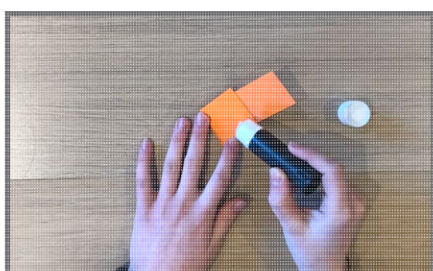

6) Place the other strip of paper on top of the glue so that the strips meet at right angles. The corners and edges should match up, but the strips will be perpendicular to each other.

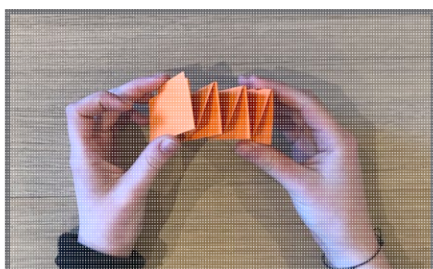

7) Next, take the strip of card that is at the bottom of the pile and fold it over so it lies on the top of the stack of card we are creating. Line up the edges and press down to make a crisp fold.

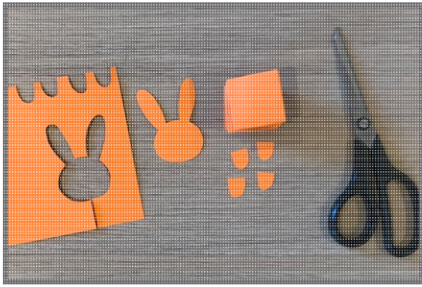

8) Now, repeat this action. Identify the strip that is not at the top of the pile and fold it over so that it lies at the top of the pile.

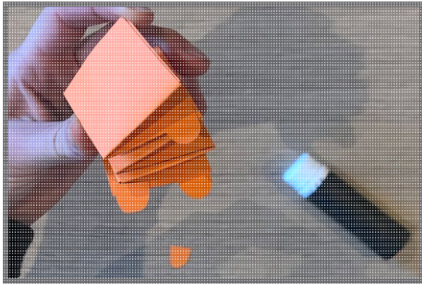

9) Repeat these folding steps until you reach the end of your strips of card. When the strips are only long enough for one more fold, put a dab of glue on the top of the stack before making the fold.

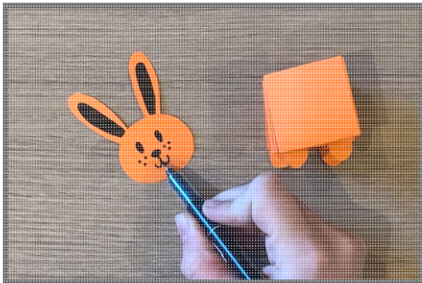

10) Cut off any excess card from the strips and keep this to one side. You have now created the bouncy body of your rabbit.

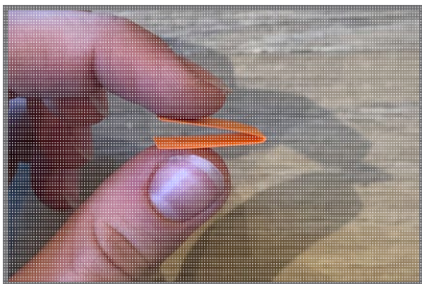

11) On the remaining part of the card, draw some little feet and a head for your rabbit. Carefully cut them out.

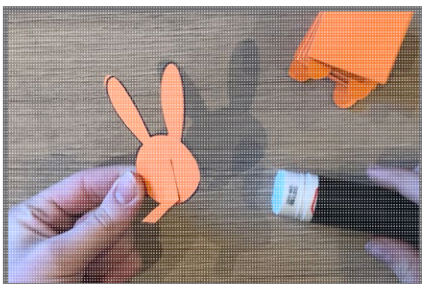

12) Next, glue your feet to the body. We glued two feet near the base and two feet nearer the top of the body.

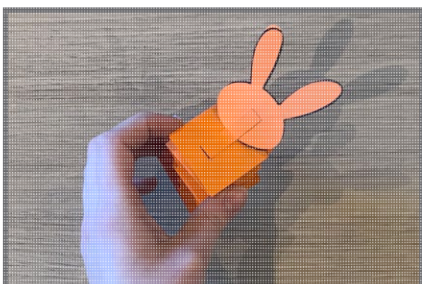

13) Now it's time to decorate your rabbit's face. We used a black pen to draw a smiling rabbit and added some details to its ears.

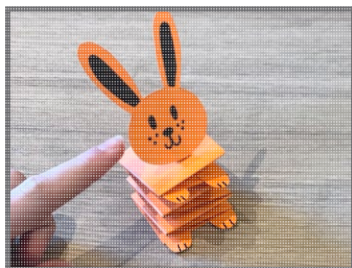

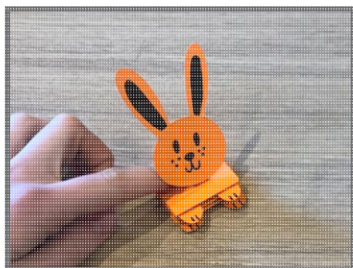

14) Then, take the piece of excess card you cut off at Step 10 and fold it in half. We will use this as a tab to attach the rabbit's head to the body.

15) Glue one half of the tab to the back of the rabbit's head.

16) Glue the other half of the tab to the rabbit's body.

17) You now have a bouncy rabbit! Press down on the body using your finger then release to watch your rabbit bounce around.
