

Design Your Own Prayer Flag

Prayer flags fly all around the world to spread messages of peace and kindness.

Today you can design your own and add your message.

In the four corners of prayer flags are animals that represent different ideals:

- Eagle for daring, fearlessness and freedom;
- Dragon for compassion, hearing and positivity;
- Snow lion for cheerfulness, focus, body and mind;
- Tiger for kindness, confidence and awareness.

In the centre of most flags is the Wind Horse, which spreads the prayer on the wind and raises good fortune.

Now you can choose your own animals and message.
