

Parts of a Flower

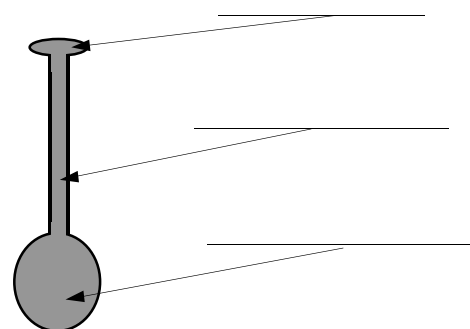

1. Rule a line under your last piece of work.
2. Write the title, *Parts of a Flower* , and the date.
3. Draw a diagram of a flower into your books. (You can use the one below to help you.)
4. Label the parts of the flower and what their job is in your books.

Now draw the carpel and the stamen in your books, like the ones below. Make sure you label which is which! Then label the different parts of the carpel and the stamen.

Stamen (Male)

Carpel (Female)
