

Year 6 Home Learning Timetable - Summer 1 Week 1

	<u>Maths</u>	<u>Reading</u>	<u>Writing</u>	<u>Spellings</u>	<u>Topic</u>
<u>Monday</u>	White rose website- watch the video and have a go at the activity questions set	Bug club - read one of your allocated stories and complete the questions	Use this week's spellings to write detailed sentences containing each of your new words. Remember to think about your year 6 writing targets.	Use a dictionary/online dictionary to find the word meanings	Research, draw and label symbols that appear on maps. Create a poster to help others read maps.
<u>Tuesday</u>	White rose website- watch the video and have a go at the activity questions set	Read the PowerPoint about Charles Darwin and use our vocabulary inference skills for any new words followed by checking in a dictionary	Write a diary entry about how your thoughts and feelings about school being closed and having to stay at home.	Look Say Cover Write Check Week 1	Use the symbols that you have researched to create a map of your local area from memory.
<u>Wednesday</u>	White rose website- watch the video and have a go at the activity questions set	Bug club - read one of your allocated stories and complete the questions	Read through and edit your diary entry, thinking about your Y6 writing targets. You may wish to keep and show your diary entry in the future as we are part of a major historical event.. possibly your grandchildren.	Look Say Cover Write Check Week 1	Use google maps to see how accurate your map from memory was. Do you need to make any changes?
<u>Thursday</u>	White rose website- watch the video and have a go at the activity questions set	Complete the comprehension about 'Adaptation and Interdependence' on the school home learning section.	Make notes about Charles Darwin so that you will be able to draft a biography. Think about the subheadings that you will need and arrange your notes effectively without copying large chunks of writing.	Spelling Test ask a parent/carer or older sibling to test you on your spellings.	Use google maps to plan a route. Can you plan the route you will be taking to secondary school next year? What other routes would it be helpful for you to know?
<u>Friday</u>	White rose website- watch the video and have a go at the activity questions set	Bug club - read one of your allocated stories and complete the questions	Draft your introduction to your biography. Remember to keep it brief and summarise the most important facts straight away. After drafting, re- read and edit.	Practise any words that you were uncertain of and retest.	Click and drag the orange person onto a road on google maps to enter google street view. Go on a virtual walk.

Maths

<https://whiterosemaths.com/homelearning/year-6/> These white rose lessons are brilliant! There is a new one every day - please use them.

Science

Our Science unit has changed to Evolution now, so we will start to have a go at some of the reading activities linked to Evolution to help you to understand what it means. We will then move to some writing activities later, so it is important to understand what you have read. If you are not sure, there will be a shared evolution blog set up on Purple Mash so that you can ask questions. You may also have older siblings that have studied evolution in year 6 who might be able to help you. This topic links to our first science topic this year on categorising animals and looking at adaptations (Does Spiderman Really Exist?) and your year 3 topic on fossils. There is a Darwin PowerPoint on the school website from twinkl.

Writing

Please take time and effort with your writing activities, whether they are handwritten or on Purple Mash. You must consider the quality of your writing and whether you are meeting the end of KS2 writing targets to make sure that you are ready to head to secondary school. If you would not write it in your school exercise book for your teacher to look at then don't write it (eg, no typed abbreviations such as 'u' instead of 'you').

Spellings

These are words chosen from the year 5/6 spelling list so you should already be familiar with them. Please make sure that you use a dictionary first (either a book or online) to check the meanings. If you still don't understand, ask an adult or on the Purple Mash shared blog. Try to use these words within your science and topic writing and any Purple Mash activities (we will be looking for them). Words have been purposefully selected that will link to your Darwin Biography writing. (according, achieve, controversy, criticise, curiosity, develop, environment, equipped, existence, explanation)

Topic

We are changing units to 'Maps'. Have a look at the activities on the timetable and work your way through each day. If you are not certain about using google maps, see if an older sibling or adult can help you or post on the Purple Mash shared blog.
