

Hiya Class 9,

I hope that you and your families are staying safe and are all well. 😊

I want to say a huge thank you to all of those who have been completing tasks I have set on Purple Mash. I really enjoy reading them and giving you comments and rewards. Remember, there is a prize for the child who gains the most awards whilst we are away from school. I will give this out when we are back. 😊

I hope you have spent lots of quality time with your family playing games, baking or even completing tasks together. I know my husband is happy, as I have started baking so he gets a fresh cake every week. 😊 Please behave well for your family, as this will make theirs and your days much easier.

Thank you also for using the class blog. It makes my day when I read your comments and your little notes to me, telling me what you have been doing and how you have been spending your time. It is also good to see that through the blog you are staying in touch with each other and having your usually little chats.

I miss you all and I miss the chats and jokes that we used to share. I speak to Mrs Masood every day, and she is also very pleased with all the work that you are doing. She asked me to say hi to you all and that she misses you.

Once again please all stay safe and well.

I will see you all soon,

Mrs Jeremiah
