Online Safety **PROJECT EVOLVE**[®]

Privacy and Security:

Children have learned how to protect their personal information online. They have explored:

- What personal data is and why it should be kept private.
- How to create strong passwords.
- The importance of keeping accounts secure.
- Recognizing safe websites and understanding privacy settings.

Managing Online Information:

Children have learned to think critically about the information they find online.

They practice:

- Identifying reliable sources.
- Understanding that not everything online is true.
- Learning how to verify information.
- Recognizing clickbait, fake news, and online manipulation.
