## 1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. We aim to provide all children with opportunities to grow “From Little Acorns to Mighty Oaks” as the school motto states.

*At Palfrey Junior School we are committed to providing all children, staff and parents and all receiving services an equal opportunity and access to services the school provides. We aim to foster an inclusive environment where people feel free to disclose their disabilities. Achievement data will be used to ensure inclusive teaching and raise standards. We will make reasonable adjustments to make the learning environment accessible. We believe diversity is a strength which should be respected and celebrate by those who learn, teach and visit.*

*As of July 2012 Palfrey Junior school has been designated as an Enhanced Accessibility school with access for disabled pupils.*

The accessibility plan is available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Support is given by the hearing and visual impairment teams and physiotherapists.

Our school’s complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including parents pupils, governors and staff.

## 2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

## 3. Action plan

## Appendix 1: Accessibility audit

*The table below contains some examples of features you might assess as part of an audit of the school's physical environment. It is not an exhaustive list, and should be adapted to suit your own context.*

Feature	Description	Actions to be taken	Person responsible	Date to complete actions by
Number of storeys	2, most classrooms are on the second level.	Lift and Evac chair checked and maintained.	Health and safety officer	ongoing
Corridor access	Corridors are wide enough for wheel chair access.			
Lift	This is regularly maintained. There are also hoists in the large disabled toilet and the swimming pool.			
Parking bays	The school has disabled parking.			
Entrances	There are entrances to each base from the outside and fire exits directly from all of the second floor teaching spaces. The main entrance is on the second floor and is accessible to all. There is also a wide entrance on the first floor adjacent to the lift, three sets			

	of double doors into the hall, double doors to the Community Hub which also has two exits, one to the car park and one to Milton Street.			
Ramps	A wheelchair can be brought in through the main doors as there are no steps, through the Hub, through the hall doors and through the first floor door adjacent to the lift.			
Toilets	There are two disabled toilets, one of which had a changing bed, hoist and shower.			
Reception area	This is large and accessible			
Internal signage	Clear signage.			
Emergency escape routes	Each child with disabilities will have a PEEP and this will ensure an emergency exit plan.	When a child with disabilities that might affect their evacuation joins the school the SENCO will write a PEP.	SENCO	ongoing
