

Look at the shapes and answer the questions.

- 1 List all the quadrilaterals on the page.
- 2 List all the triangles on the page.
- 3 List all the circles on the page.
- 4 List all the rectangles on the page.
- 5 List all the polygons on the page.

True or false? Discuss with a partner.

- 6 All rectangles are squares.
- 7 All squares are rectangles.
- 8 All rectangles are quadrilaterals.
- 9 A semi-circle is a polygon.
- 10 All quadrilaterals are polygons.

I am confident with the properties of 2D shapes.
