

# Rapunzel

A kid with fair hair.

One day a nasty witch took a baby from her home. The witch wanted to keep the baby with her forever. She called her Rapunzel.

They will not find  
her high up here.

The witch took the baby to her high tower, they lived there together for a long time. The baby grew into a beautiful princess with long golden hair.

At night she went down the hair.

Every night the witch left the tower and climbed down Rapunzel's long golden hair.

Let down your hair

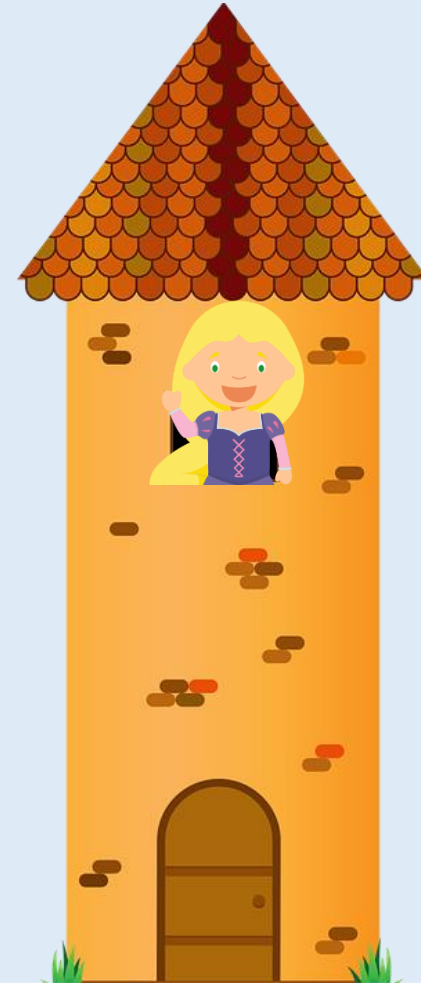

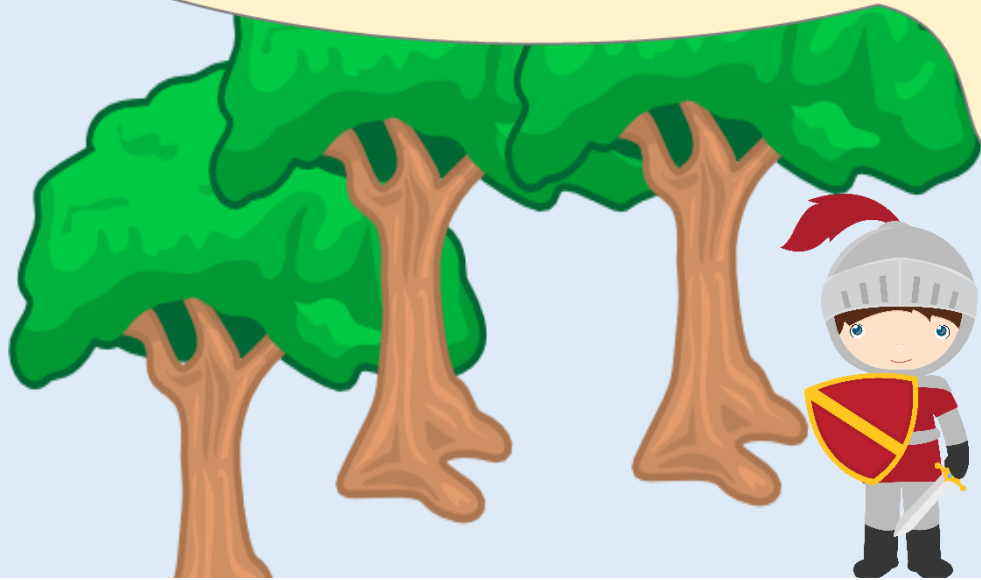

When the witch returned she would call to Rapunzel.

A bright light  
up high.

One day a knight came past and noticed the light in the tower.

It is high with no  
stairs.

He could hear singing, and wanted to see who was in the high tower. But there was no stairs.

Right then she <sup>✨ ✨</sup>was back!

The witch came back, the knight hid and watched her as she called to Rapunzel.

At night he went back.

Let down your hair

The knight returned and called to Rapunzel.

I do not want to  
fight!

What a fright!

The Knight climbed in the window and gave Rapunzel a fright.

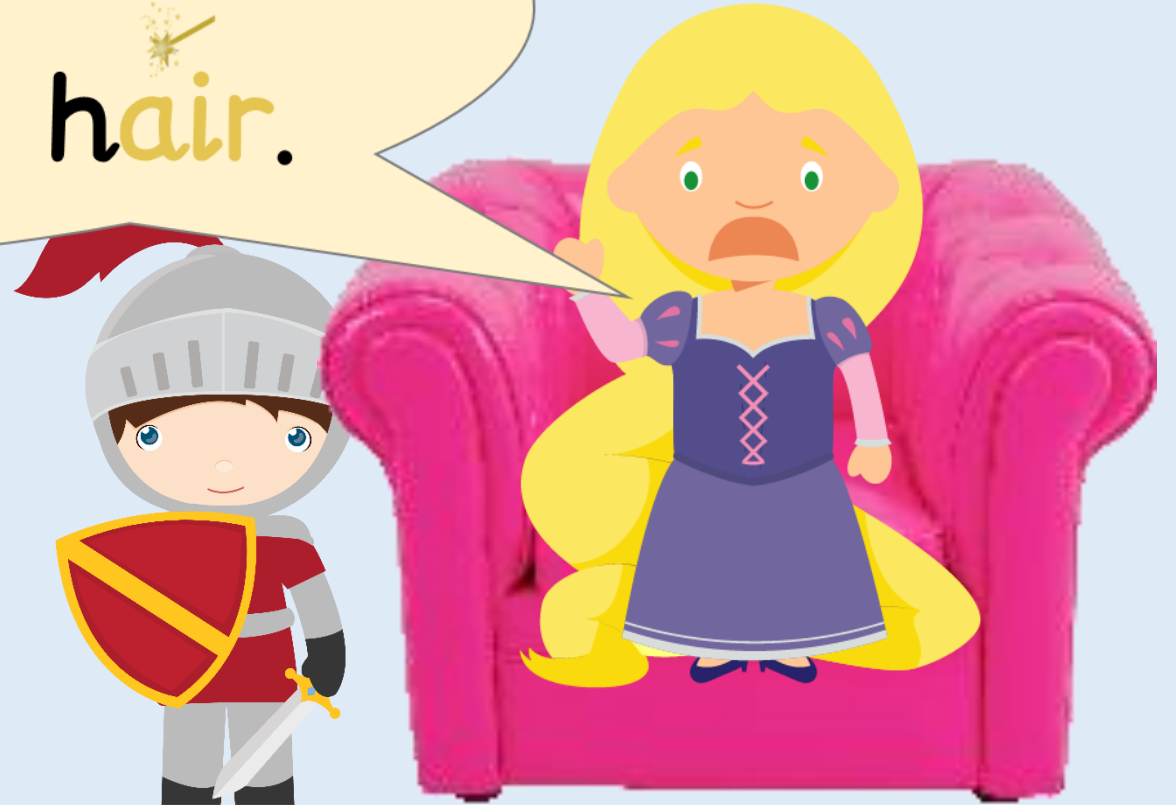

This **is** not **right**!

I **might** fall.  
It **is** **high**.

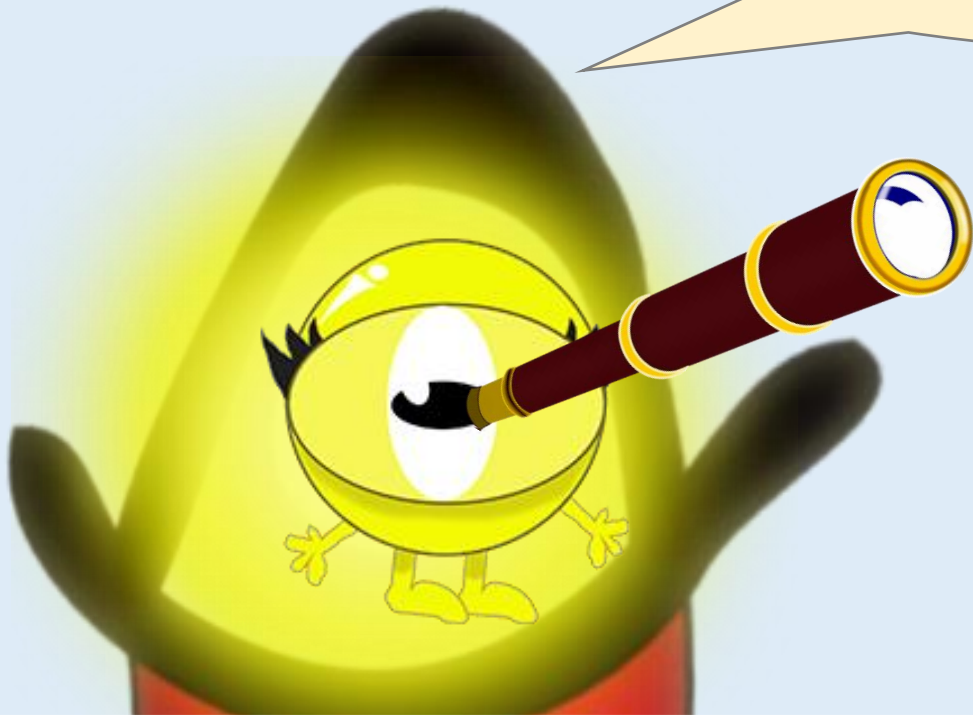

The knight was shocked to see Rapunzel and wanted to help her.

There are no stairs! I can  
not get down my hair.

Rapunzel was sad, she sat on a chair and wept.

I might help.

Yellow I saw what happened from his lighthouse, he decided to go and help.

Up high in the air.

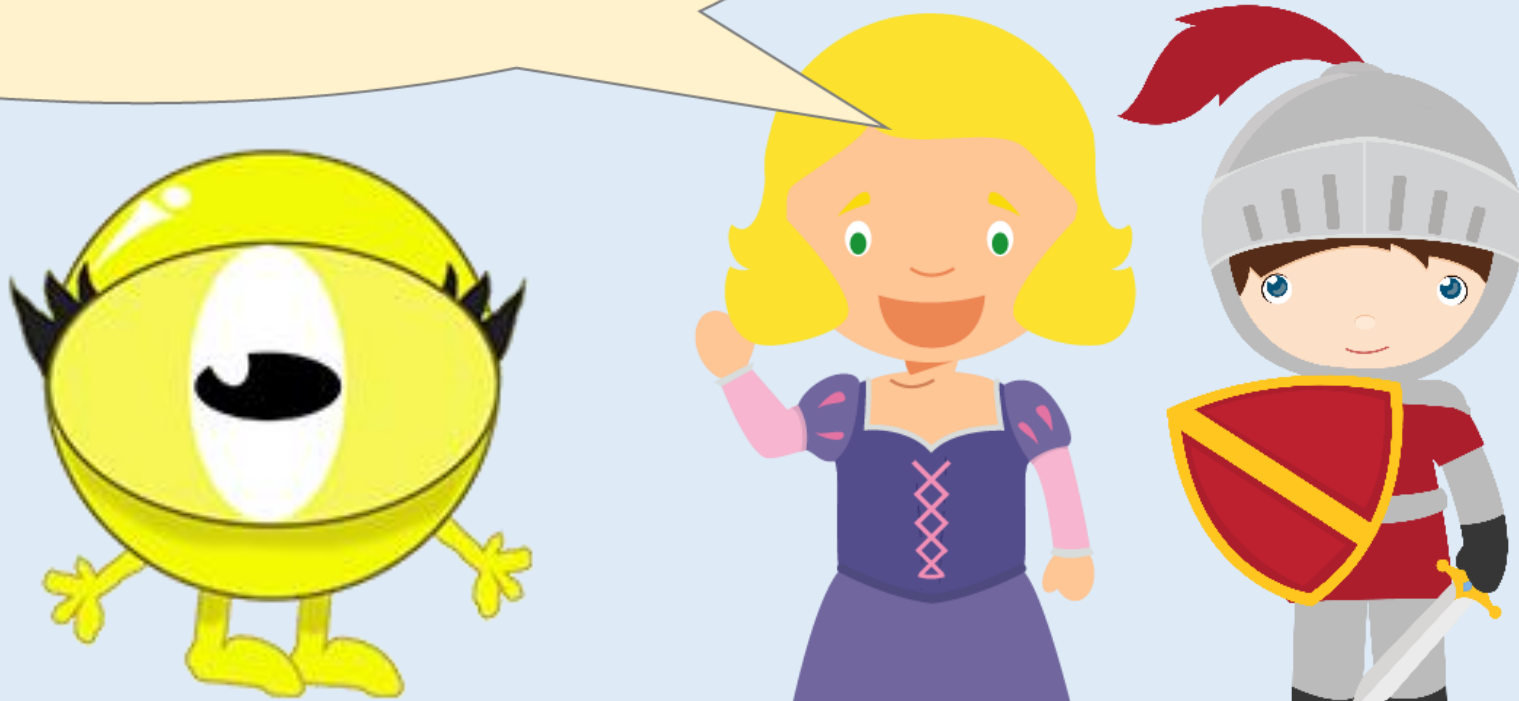

Yellow I took flight, and went to help Rapunzel and the knight.

Sit *tight*! *I* can help.

“Jump in!” Yellow I told the knight and Rapunzel. Then they all flew through the air.

My hair is light now!

The next day Rapunzel cut her hair! She never went back to the tower again. She lived with the knight happily ever after.
